## ARTS SMOKER AND SUPPER BIG SUCCESS

High Class Programme Provided By Executive.

### EXCELLENT TOAST LIST.

Arts Men Turn Out One Hundred Strong, and Spend Enjoyable Evening.

At 8.30 last night, about one hundred students in Arts gathered in the Union Lounge Room for the chief annual social function of the faculty. All four years, as well as the faculty, were generously represented, and when the faithful attendants had supplied all with smokes, the chairman, Mr. Blampin, called the meeting to order, and announced the first number of the programme, L. Henry, '18, pleased the audience with a well-executed pianoforte selection.

The remainder of the evening was filled by several musical selections from the Mandolin Club and the Glee Club. The latter organization made its initial appearance last night, and the long labours of a faithful executive were amply rewarded by the excellent rendering of three numbers. Further favours from the club are expected to be heard.

Messrs. Wagner and Greenberg favoured the gathering with a comedy vaudeville skit, and E. Harray pleased everyone with his excellent vocal selections, and impersonations of Cockney characters.

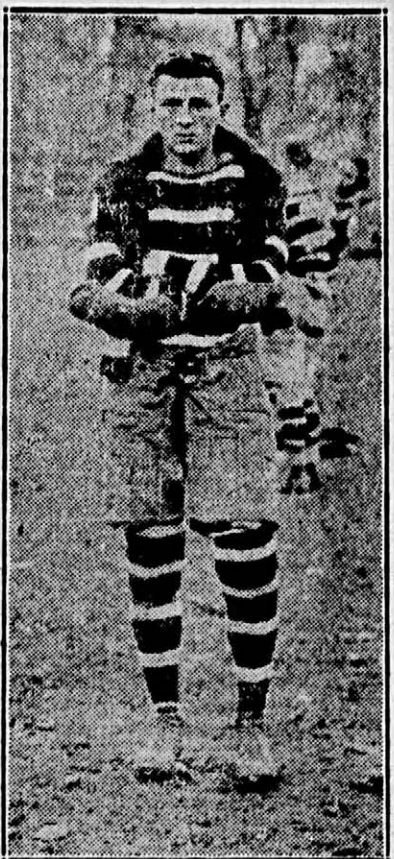

A favourite of all student gatherings appeared in the person of H. Campbell, '20. He gave his usual praiseworthy rendering of "The Trumpeter," and "The Girl on the Stairs."

Mr. Crawford's two monologues were appreciated, and might quite well have been longer. The guests were then invited downstairs, where supper had been prepared.

Everybody then adjourned to the Grill Room, where a most appetizing supper was tastefully served by Joyce and Co.

(Continued on Page 2.)

## FOR PRES. STUDENTS' COUNCIL.

NORMAN WILLIAMSON.

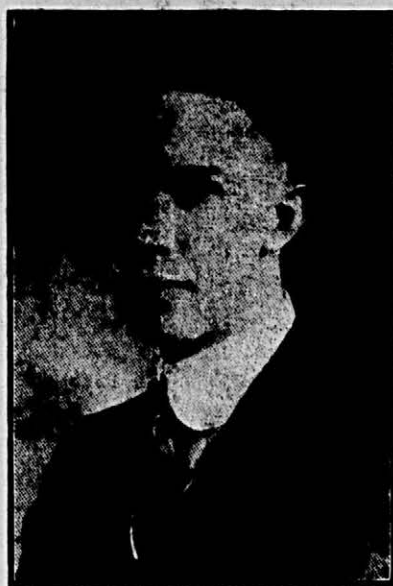

NORMAN T. WILLIAMSON,  
President, Students' Council.

Born—Montreal, 1893.  
Educated at Creighton School and Westmount Academy. Entered McGill with Arts '15; after two years there entered class of Med. '18. Enlisted with McGill General Hospital, May, 1915, and after one year in France, obtained a commission as Surgeon Probationer in the Navy, serving in this capacity for a year and a half on H.M.S. "Stag." Returned home last fall, and am now in Med. '20.

Athletics.—The 1st President McGill Ski Club, and member of team 1912 and 1914. Senior football team, 1913; Intercollegiate Champion Senior team, 1914; first hockey team, 1912.

Platform.—If I am elected as President of the Students' Society I could follow no better course than that adopted by the retiring Executive, in that strict economy be enforced in every branch of undergraduate activity. I am in favor of continuation of all branches of athletics, in so far as is practical under the present conditions; I believe that the minor clubs should be fostered to the fullest extent; and I heartily endorse the continuance of social entertainments such as have been carried on during the past year.

## FOR PRES. STUDENTS' COUNCIL.

"MAIT." YOUNG.

H. M. YOUNG,  
President of Students' Council.

Age—22 years.  
Birthplace.—Cleveland, Ohio.  
Former School.—St. Andrew's College, Toronto.

Activities There.—Football, cricket, baseball, Literary and Debating Society, Prefect, 1913.

Business Experience.—Two summers' life insurance work; cashier for Regina Cyclone Relief Fund (\$500,000); one summer with Chartered Accountant.

Activities at McGill.—Class Representative on Daily, 1914; Executive Western Club, 1915-16; King Cook Celebration Committee, 1915-16; Med. '19 Quartette; President Western Club, 1916-17; Executive Tennis Club, 1916-17; Secretary Glee Club, 1917-18; President Tennis Club, 1917-18; Annual Board, 1918; Treas. Medical Dinner Committee, 1918; Athletic Association.

Platform.—I am in favor of supporting both major and minor clubs as far as is consistent with the financial income of the Students' Council.

Owing to existing conditions at the Union, I deem it advisable, by a more careful supervision, to maintain it as the desirable centre of student activities.

In addition, the activities of the McGill Daily having come prominently before my notice, I firmly believe that, by more efficient representation on the Students' Council, the Daily would prove more valuable to the student body.

Moreover, I feel that the student body desires to take a deeper interest in student affairs generally, and the Students' Council in particular. To accomplish this, I propose to make it more convenient for the students to attend open meetings of the Council.

In the event of being elected, I assure the students that I will perform the duties of this office with the utmost diligence, and that I shall endeavour, at all times, to promote a democratic college spirit and unity of purpose.

## REGULAR MEETING OF ARTS UNDERGRAD.

Date Set for Holding of Annual Elections, March 23rd.

The regular monthly meeting of the Arts Undergraduate Society was held yesterday noon.

The meeting came to order with the President, W. E. Blampin, in the chair. After the reading of the minutes, the President broached the subject of holding the annual election of President, Vice-President and Treasurer of the Society. As it lay within the power of the President to set the date for holding the elections, he decided that Friday, March 23rd, would be the occasion. Therefore in order to allow for the required space of time between the time of turning in nominations and election day, nominations must be in not later than Saturday, March 16th, at 6 p.m.

The question of petitioning the faculty for the earlier suspension of lectures before examinations was also discussed, with the result that the idea was eventually dropped as unwise.

There being no further business the meeting then adjourned.

## FACULTY HOCKEY.

The winners in the Faculties' of Arts and Medicine are to play off tomorrow night, at the Victoria Rink, and on Friday night, Feb. 21, the winners of the Science Faculty will meet the winners of the former game, to decide the championship, weather permitting.

## WATCH.

Will the person, who loaned his watch to a Musketry Instructor, kindly get in touch with H. C. Bussiere, Med. '22, and he will be able to get it.

## LARGE BLOCK M'S AWARDED POLO PLAYERS

Athletic Association Held a Meeting.

### ALSO SMALL M's.

Numerals Will be Granted to Winners of Inter-faculty Basketball.

The following water polo players who have played 50 per cent. of the games of the City League were given small plain M's: S. H. O'Brien, T. D. McGregor, L. Lally, W. H. Henderson, L. Wiggs, T. J. Walters.

The following Rugby football players were granted First Grade Block M's for special merit in Inter-Faculty games: Messrs. Pitts, Gilhooley, Fawcett, Fox and Lee.

Small Block M's were awarded the following: Messrs. Cully, Parke, Sutherland, Anderson, Upham and Tuohy.

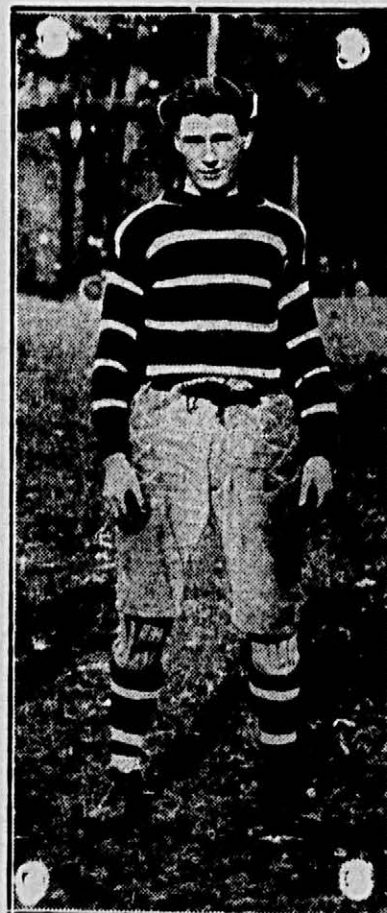

The question of recognition for the basketball teams winning the Inter-Faculty League was discussed. The Association decided to grant numerals to the winning team, and for further recognition the representative was referred to the Students' Council. As it is customary for the retiring Executive to nominate one of its members for Presidency during 1918-19, A. L. Walsh was selected.

## NOMINATIONS FOR ARTS UNDERGRAD.

Nominations for the offices of President, Vice-President and Treasurer of the Arts Undergraduate Society must be in the hands of the Executive by 6 p.m. on Saturday, March 16th. Nominations must be signed by at least 10 members of the Society in good standing, and should be handed in to the Janitor of the Arts Building.

The election will take place on Friday, March 23rd.

## FOR PRES. STUDENTS' COUNCIL.

ROSS LAING.

RICHARD ROSS LAING.

President of Students' Council.

Lieut. Richard Ross Laing was born at Peterborough, Ontario, in 1895, moved to Westmount in 1911, and graduated from the Westmount High School (then known as Westmount Academy), in 1912. He entered the Faculty of Applied Science in 1913, and in February, 1915, in the middle of his second year's work, enlisted as a sapper with the Canadian Engineers. After a course of training at Ottawa and Shorncliffe, he crossed to France in September, 1915, being attached to the infantry as a Signal Telephone Linesman. After a year's service there, being recommended for special distinction, he was granted his commission. Shortly after he was seconded from the Canadian Expeditionary Force to the Royal Flying Corps, in which he served first as an instructor, after receiving his "wings" in England, and afterwards on active service in France. He was invalided from France to England in June, 1917, and was sent to Canada on sick leave in July of the same year. His leave having been extended, he re-entered the Faculty of Applied

MONTREAL, THURSDAY, MARCH 14, 1918.

## A FAREWELL.

With the coming of the one hundred and twenty-sixth number of the Daily, the regular issue of the undergraduate newspaper comes to an end for this year. It is, we feel, the proper occasion for us to take our leave of our readers, and wish them all good fortune for the future.

In several ways, the past year has been a "hard pull" for the staff of McGill Daily. Owing to unavoidable circumstances, the few men who were left of last year's staff were compelled to cope with an amount of work which ordinarily would have occupied a much larger number. In consequence of this, there have been occasions, perhaps, where the product of our labours has not met with the entire approval of our readers, but we feel sure that they were magnanimous enough to overlook these shortcomings. We have tried to accept criticism in the spirit in which it was offered, and to profit by it.

It would be idle to write a lengthy article to take an affectionate farewell, and to praise the support given us by the student body. We shall simply say that we have done our best to produce the Daily in a fashion in keeping with the true spirit of McGill, and that we have derived a certain amount of pleasure from our work, however dissatisfied we have felt with its results.

## C. O. T. C. INSPECTION.

Major-General Wilson, G.O.C., will inspect the McGill Contingent, C. O. T. C. to-night. The annual inspection has been a feature of the regiment's activity during past years. It has been the customary culmination of the season's work. It is therefore expected that a large turnout will attend to-night.

## ARTS SMOKER AND SUPPER BIG SUCCESS.

(Continued from Page 1.)

After everybody had thoroughly satisfied the inner man, Mr. Blampin stood up and with a few well chosen remarks proposed a toast to The King, and accompanied by the National Anthem, the toast was drunk with the usual deference to His Majesty.

R. R. Fitzgerald, our prize orator, was then introduced, and spoke feelingly of the wonderful record made and maintained by McGill men overseas. He asked us to think of them not as suffering hardships over there, but to look on them as the happy-go-lucky Canadian soldiers, always with a smile on their faces, and a joke on the tip of their tongues. The toast was then drunk to the boys overseas, and was aptly responded to by R. McLagan, who begged us not to forget the boys over there, but to write to them and send them smokes.

A. I. Smith was then introduced, and he spoke eloquently on our attitude towards the Alma Mater, pointing out that in the past we had looked on McGill as merely the institution here, but now we had to consider the McGill overseas, in Flanders.

After the toast to Alma Mater had been drunk to the strains of "Hall Alma Mater," Dean Moyse rose to reply.

Dean Moyse is always a welcome figure at any entertainment given by the Arts Faculty. He spoke of his collegiate days, laying stress on the fact that he had been a member of the Glee Club at his Alma Mater, and complimenting the present Glee Club on its marked success. He then spoke of Lieut.-Col. McCrae, both as a man and as a poet, mentioning a poem by Stella M. Bainbridge, entitled, "In Memory of Col. McCrae," which made its appearance in print in the columns of the Daily. He said he had always looked on Professors in his student days as lordly beings, but he wanted us to understand that they were human beings. He mentioned the Allen Oliver Scholarship, and the Carnegie Pension Fund.

Blampin then called upon H. A. Aylen to propose the toast to the Faculty. This toast was answered on behalf of the Faculty by Dr. Walter, Professor of Modern Languages. Dr. Walter was introduced as the greatest pessimist in the Arts Faculty. Upon rising he said the good feeling referred to by Aylen was in serious danger of being broken if the President continued his antagonistic attitude. It seems Blampin had called up Dr. Walter on the 'phone to re-

mind him of the affair. Dr. Walter went on to say how indignant he was to be called to the 'phone with his mouth full of fish and toast, to be reminded of an engagement which he had been looking forward to for the past week. In fact, he had come to the Union about half an hour too early, and had waited outside under a tree until 8.15. The second mistake Blampin made was in referring to him as a pessimist. He admitted, however, that the specialized work which a professor is called upon to perform makes them all more or less cranks. The Arts professors, however, are the finest cranks of all.

A. S. Nead, President of Arts '18, editor-in-chief of the Daily, then proposed the toast to the Ladies. Although beginning by disclaiming any experiences with the fair sex, Nead unintentionally made additional remarks which left some doubt in the minds of his audience.

George Younger, also of Arts '18, replied to the toast in a most delightful manner. Blampin said he had chosen Younger partly owing to the fact that he took one course with sixteen Donalds. As he is the only man in the class, the chairman thought he would be best fitted to reply to such a toast. Younger did not regret that he took so many lectures with the fair sex, but said he presumed the President had chosen him as the nearest approach to a lady that could be found, as he presumed that a lady would have been the first choice if that had been possible.

The next toast was to the graduating class, proposed by Dr. Caldwell. Dr. Caldwell began by referring to the splendid record of Arts '18 in France, giving several interesting figures, which showed that the Senior year is indeed very well represented in France. The speaker then referred to the cosmopolitan nature of the class, and said he thought this was one of the most valuable assets at McGill. He said that he felt sure that the small remnant of '18 would be a credit to the higher education they have received at McGill.

In replying to this toast, C. F. Grosjean, the President of the Graduating Class, said that all the remaining members of his class were in spirit with their members overseas. Grosjean's speech was much appreciated by all. He said that the class realized that they owed a special debt to the country for being allowed to continue their course to a conclusion in quiet and safety.

This being the last address of the evening, the meeting broke up after singing Hall Alma Mater and God Save the King.

## Last Call for the Annual!

The Annual is making its final appeal to the student body for the support that it feels is its due. If you have enough interest in the matter to wish to purchase the college year-book, clip out this slip and send it to us.

## "OLD MCGILL, 1918."

I hereby signify my intention of buying this year's Annual, and wish to have a copy reserved for me, it being understood that I do not in any way pledge myself to be a subscriber, and that I am at liberty to change my mind if I so desire when the book is published.

NAME .....

YEAR .....

FACULTY .....

## JOHN GALLERY.

President of Track Club.

John O. Gallery, born at Montreal, in 1896, was educated at Loyola College, where he obtained his classical degree of Bachelor of Arts. Whilst at Loyola he was president of L. C. A. A. for two years; captain of two championship hockey teams. He was also captain of a football team on three occasions, and of the Track Club for four years.

However, his greatest success was obtained on the track, where he was aggregate winner for five consecutive years; also member of the track team of M.A.A.A. for three years.

Activities at McGill.—President of Law '20; member of Faculty Football team; member of Senior Hockey team. Should I have the gratification of being elected President of the Track Club, I shall do everything within my power to further the interest of McGill as a member of the Students' Council; and though track work is somewhat impeded by the war, activities will be upheld by holding regular weekly handicaps. The success of such events cannot be doubted with the foremost cinder track of America to participate upon.

## R. V. C. NOTES.

### UNDERGRADUATE SOCIETY.

There will be a meeting of the R. V. C. Undergraduate Society on Monday, March 18, at one o'clock. The business is the nomination of officers for the Undergraduate Society for the session 1918-19. All nominations must be supported by at least ten signatures.

### MENORAH SOCIETY.

There will be a meeting of the Menorah Society on Tuesday, March 19, for the purpose of electing the officers for the year 1918-19.

### FRUIT PICKERS, ATTENTION!

On Wednesday, March 20th, at three o'clock, Miss Winnifred Harvey, tho Director of the Women's Farm Department, is coming to speak to us about work on the land. She will show some moving pictures of the girls at work, and will tell us of the plans for the coming summer. This lecture is to be open to all girls who are interested, so tell any of your friends who would like to come.

The next meeting of the Alliance Francaise will take place in the R. V. C. General Boucher, who has been with the French forces at the front, since the beginning of the war, will make an address. The exact date of the meeting is not yet known, but it will be towards the end of the month. All McGill students are welcome. The gallery is reserved for the R. V. C. students.

### SOME DON'TS FOR WAR TIME.

Don't put money into unproductive fixed assets. The labor needed to produce those assets should be used in making munitions or in using munitions. Don't speculate. Prices of all kinds of materials are likely to go up and security prices will show much appreciation. Money will be plentiful. All kinds of bubbles were blown with inflated currency during the Civil War. But there are so many elements that may cause artificial changes in the market that he is a wise man who resists the silent voice of chance and sticks close to his own business. Don't waste money in unavailing pleasures and luxuries. While thousands of girls are putting hand decorations on ladies' clothing, our boys at the front may freeze because we can't get enough labor to make their suits and shirts. If you're in the business of providing wasteful luxuries, now is the time to trim your sails. Better take on some new line of industry. Don't use any more than you absolutely need of the things that are needed by our military forces. Eat simple food, cut down on the consumption of gasoline, use your old clothes a bit longer. Don't reduce your standard of living. You can be economical without banishing all your friends and giving up

## CORRESPONDENCE.

The Daily is not responsible for the sentiments of letters published in the correspondence columns. Signed communications from graduates, undergraduates and members of the faculties will be placed in print if they are not of too great length.

Correspondents are requested to observe the unwritten law of the newspaper office—that they write upon ONE side of the paper ONLY.

No communications will be admitted to this column without the name of the writer being attached for PUBLICATION.

Editor, McGill Daily:

Dear Sir,—The retiring Board of Directors of the McGill Y.M.C.A. wish to express their thanks to the McGill Daily for the help they have given them in their work during the past year. Without your aid many of our undertakings would have been failures.

Yours truly,

HOWARD LE R. DAWSON,  
Rec. Secretary.

Editor, McGill Daily:

Dear Sir,—Will you kindly allow me, through this column, to request the Secretaries of the different College Societies to forward to me the list of the names comprising their new Executives, for inserting same in the 1918-1919 Handbook?

Thanking you, I remain,  
Yours truly,  
K. P. TOLAINOS,  
Editor 1918-19 Handbook.

## WHAT'S ON.

### TO-DAY.

C. O. T. C. Inspection by Brig-General Wilson at Drill Hall.

### COMING.

Mar. 15.—Meeting of Chemical Society.  
Mar. 15.—Patriotic Dance at High School.  
Mar. 15-16.—Patriotic Gym. Demonstration at R. V. C.  
Mar. 16.—Election of Rep. of Major clubs to Council.  
Mar. 16.—McGill vs. Hochelaga at hockey.  
Mar. 16.—Basketball: Medicine vs. Arts.  
Mar. 16.—Dr. Sullivan at Philosophical Society.  
Mar. 19.—Wicksteed Competition.  
Mar. 20.—Semi-annual meeting of Students' Council.  
Mar. 21.—Wicksteed Competition.

## NOTICES

### GLEE CLUB.

Will those members of the Glee Club, who have borrowed copies of the Club's music, kindly return these to Mr. Scott at the Physics Building, as soon as possible. These copies are the property of the Club, and he is responsible to the Club for them. The Conductor pro tem, takes this opportunity of thanking those members who, by patient rehearsal, helped to make the sole appearance of the Club a success.

### SCIENCE UNDERGRAD. NOMINATIONS.

Owing to the fact that no nominations have been received for the office of President, Vice-President, Secretary and Treasurer of the Science Undergrad. Society, the committee on elections wish to announce that the nominations for the above offices will be received up till Friday, March 15, at 5 p.m. The voting by ballot to take place on Tuesday, March 19th, between the hours of 12 noon and 2 p.m.

all your pleasures.  
Don't borrow just because it's easy to borrow. Be careful not to over-extend.  
Don't drop your credit guard for one minute. Remember that there are bound to be radical readjustments of industry. Some of your customers may be in lines of business that will be brought down by

## D. J. BEACH,

President of Track Club.

Donald J. Beach, Science '19. Born at Winchester, Ont. Age—22 years. Graduation School.—Ottawa Collegiate Institute.

Activities.—Sports. Activities at McGill.—Class hockey, '15-'16; Senior Hockey teams, '15-'16, '17-'18; Track team, '16-'17; McGill Orchestra manager; Sec.-Treas. McGill Mining Society; C.O.T.C. Band; Inter-faculty football.

Platform.—If elected as President of the Track Club at the coming elections, I will endeavour to promote greater interest in the annual athletic meets, and if possible, to arrange for intercollegiate competition.

## SCISSORED SENTIMENT.

LEHIGH: The Lehigh University basketball team won its last game of the 1918 season at Bethlehem, on Saturday, defeating Lafayette College, 27 to 21.

CORNELL: Cornell University has been forced to give up lacrosse as an inter-collegiate sport this spring on account of being unable to schedule games with other colleges.

WESLEYAN: The Wesleyan University swimming team defeated the Amherst College team in a dual meet at Middletown, Saturday, 27 points to 26. Woodruff of Wesleyan established a new college record for the 220-yard swim of 2m. 53.4-5s.

ANNAPOLIS: The Annapolis Academy wrestling team defeated the Cornell varsity at Annapolis on Saturday by seven straight bouts. The Annapolis gymnastic team defeated New York University 35½ points to 18½ points, and the Midshipmen won their fencing meet with the University of Pennsylvania.

MASSACHUSETTS: The Massachusetts Institute of Technology freshmen defeated the sophomores in their interclass track meet at Cambridge on Saturday, 48½ points to 28½. Garvin Bawden, '21, established a new board track record for 440 yards, when he won that event in 54.4-5s. He also won the 880 in the fast time of 2m. 5.2-5s.

LAFAYETTE: I. G. Scott, '19, has been elected captain of the Lafayette College football team for next fall.

SYRACUSE: Syracuse University defeated Dartmouth College in their basketball game at Syracuse on Saturday by 27 to 11.

PENNSYLVANIA: The Pennsylvania State wrestling team easily defeated Lehigh University in their dual meet at State College on Saturday, 26 to 5.

WEST POINT: The class of 1921 won the annual inter-class swimming meet of West Point Military Academy on Saturday with 41 points. The class of 1920 was second with 22.

WISCONSIN: University of Wisconsin maintained its hold on first place in the Western Conference basketball championship standing on Saturday evening, by defeating the University of Chicago here, 16 to 13.

the readjustment. Stop to think the situation over and make up your mind to curtail credit wherever it appears necessary.

Don't be discouraged if you are caught in the readjustment. It's never too late to take up a new line of work.

Don't forget that the withdrawal of thousands of men from productive pursuits means that those who remain must work harder.—From 100 Per Cent Efficiency Magazine.

## PROVINCE OF QUEBEC

DEPARTMENT OF COLONIZATION, MINES AND FISHERIES.  
The chief minerals of the Province of Quebec are Asbestos, Chromite, Copper, Iron, Gold, Molybdenite, Phosphate, Mica, Graphite, Ornamental and Building Stone, Clays, Etc.

The Mining Law gives absolute security of Title and is very favourable to the Prospector.

### MINERS' CERTIFICATES.

First of all, obtain a miner's certificate, from the Department in Quebec, or from the nearest agent. The price of this certificate is \$10.00, and it is valid until the first of January following. This certificate gives the right to prospect on public lands and on private lands, on which the mineral rights belong to the Crown.

The holder of this certificate may stake mining claims to the extent of 500 acres.

### WORKING CONDITIONS.

During the first six months following the staking of the claim, work on it must be performed to the extent of at least twenty-five days of eight hours.

### SIX MONTHS AFTER STAKING.

At the expiration of six months from the date of the staking, the prospector, to retain his rights, must take out a mining license.

### MINING LICENSE.

The mining license may cover 40 to 200 acres in unsurveyed territory. The price of this license is Fifty Cents an acre per year, and a fee of \$10.00 on issue. It is valid for one year, and is renewable on the same terms, on producing an affidavit that during the year work has been performed to the extent of at least twenty-five days' labor on each forty acres.

### MINING CONCESSION.

Notwithstanding the above, a mining concession may be acquired at any time at the rate of \$5.00 an acre for SUPERIOR METALS, and \$3.00 an acre for INFERIOR MINERALS.

The attention of prospectors is specially called to the territory in the North-Western part of the Province of Quebec, north of the height of land where important mineralized belts are known to exist.

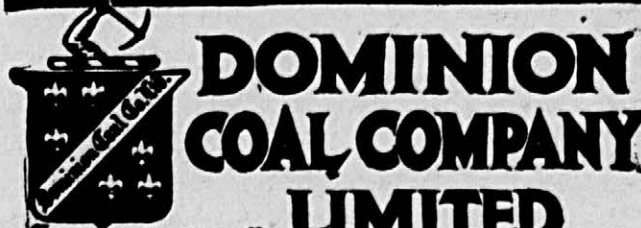

### PROVINCIAL LABORATORY.

Special arrangements have been made with the POLYTECHNIC SCHOOL of LAVAL UNIVERSITY, 225 ST. DENIS STREET, MONTREAL, for the analysis of minerals at very reduced rates for the benefit of miners and prospectors in the Province of Quebec. The well equipped laboratories of this institution and its trained chemists ensure results of undoubted integrity and reliability.

The Bureau of Mines at Quebec will give all the information desired in connection with the mines and mineral resources of the Province, on application addressed to

HONORE MERCIER,

Minister of Colonization, Mines and Fisheries, Quebec.

## JEST TALK

—By Jello

WOW!

"Why are nickles spent more easily than dimes?"  
"Because a dime has more cents."

FAREWELL, GOOLOSHES!

Farewell, gooloshes! Now your time has ended! Now it is the thing to cast thee off! And through the slime  
Of muddy slope or street we climb  
In rubbers only! 'Tis near Spring!

There was a bonheaded B.A.  
Who attempted to write one day;  
But the stuff that he wrote,  
Was of such little note,—  
That he won't try again, they say.

OH, BOY!

When you take your girl to the dance, gee, but doesn't she look good; and after the moonlight waits you—well you even forget that exams are coming; you wonder why you gave that big mutt a dance with her. She smiled at him. Curses!  
Life isn't worth living. But, then, the ride home and the good night—Oh, boy! Ain't it grand?

The more money we waste, the less we have to spend foolishly.

JUSTICE?—MERCY!

The rain is raining all around,  
It rains on the just and the unjust  
feller;  
But mostly on the just, because  
The unjust has the just's umbrella.

At a late hour last night the following was received from a special messenger:

I'M WRONG.

No freshette gets up at one,  
But perhaps at eight, maybe;  
And after swallowing breakfast down  
To college rushes she.  
To lectures gets at nine fifteen,  
And stays till after noon;  
And then down town for lunch she goes,  
At three, to physics room.  
At four, on Peel Street, Page and Shaw's.  
Each freshette eats ice cream,  
And then goes home to tea and dress.  
Before the evening's dream,  
At eight each night her programme's filled,  
She starts off with a Med.  
And dances on till morning light,  
Sends all to home and bed.  
—FRESHETTE.

WHY THE JOY?

A Freshman met a Prof. he knew,  
And evidenced much joy.  
"Please, sir, what are your office hours?"  
Inquired the green-capped boy.  
The Prof. looked at the Freshman  
In bewilderment and pain—  
He rolled his eyes about the skies  
And scratched his head in vain;  
At last he said, "I do not know,  
But anyone can see  
For they are printed on my office door,  
For use by all but me."

BREAD AND STONES.

I saw a big, fat  
Overfed person talking  
To a slim, bony individual  
And lecturing him about  
Food conservation.  
The little man listened  
Patiently until he was  
Finished. The he said:  
"People who have bay windows  
Shouldn't throw stones!"

KINDLY TELL ME.

Have you got your green ribbon yet, for Sunday?

USE LATIN FOR A CHANGE.

Crede mihi—Take it from me.  
Te recipe—Chase yourself.  
Id Svenio dice—Tell it to Sweeney.  
Omnis Taurus—All Bull.  
Nemo domi—Nobody home.  
Sic felix—Have a heart.

Good-bye, BOYS!  
I hope to say good-bye personally,  
to the others.

HOUSE TO RENT.

A FURNISHED HOUSE TO RENT.  
All new furniture, within three or four minutes' walk from McGill College. House thoroughly renovated. For further information, apply, Westmount 2625.

The Royal Military College of Canada.

THERE are few national institutions of more value and interest to the country than the Royal Military College of Canada. Notwithstanding this, its object and the work it is accomplishing are not sufficiently understood by the general public.

The College is a Government Institution, designed primarily for the purpose of giving instructions in all branches of military science to Canadian Officers and of the Canadian Militia. In fact, it corresponds to Woolwich and Sandhurst.

The Commandant and military instructors are all officers on the active list of the Imperial Army, lent for the purpose, and there is in addition a complete staff of professors for the civil subjects which form such an important part of the College course. Medical attendance is also provided.

While the College is organized on a strictly military basis the cadets receive a practical and scientific training in subjects essential to a sound modern education.

The course includes a thorough grounding in Mathematics, Civil Engineering, Surveying, Physics, Chemistry, French and English.

The strict discipline maintained at the College is one of the most valuable features of the course, and in addition, the constant practice of gymnastics, drills and outdoor exercises of all kinds, ensures health and excellent physical condition.

Commotions in all branches of the Imperial service and Canadian Permanent Force are offered annually. The diploma of graduation is considered by the authorities conducting the examination for Dominion Land Surveyor to be equivalent to a university degree in the Regulations of the Law Society of Ontario. It obtains the same exemptions as a B.A. degree.

The length of the course is three years in three terms of 9 1/2 months each.

The total cost of the course, including board, uniform, instructional material, and all extras is about \$900.

The annual competitive examination for admission to the College, takes place in June of each year, at the headquarters of the several military districts.

For full particulars regarding this examination, application should be made to the secretary of the Militia Council, Ottawa, or to the Commandant, Royal Military College, Kingston, Ont.
